

Ratanhiawurzel

INCI: Krameria lappacea root extract | Stand September 2024

Verbessert Entzündungen; Reduziert proentzündliche Substanzen:

[Lignan derivatives from Krameria lappacea roots inhibit acute inflammation in vivo and pro-inflammatory mediators in vitro](#)

Antioxidativ:

[Krameria lappacea root extract's anticoccidial properties and coordinated control of CD4 T cells for IL-10 production and antioxidant monitoring](#)

Antimikrobiell, gegen Biofilme:

[In Vitro Antibacterial, Anti-Adhesive and Anti-Biofilm Activities of Krameria lappacea \(Dombey\) Burdet & B.B. Simpson Root Extract against Methicillin-Resistant Staphylococcus aureus Strains](#)

Wirkt gegen nitrosativen Stress:

[2-\(2,4-dihydroxyphenyl\)-5-\(E\)-propenylbenzofuran promotes endothelial nitric oxide synthase activity in human endothelial cells](#)

UV-Schutz:

[Defense potential of secondary metabolites in medicinal plants under UV-B stress](#)
